

VENUGOPAL AVULA

Power BI DEVELOPER

Email: venu82332@gmail.com | Phone: +91-7287976788

PROFESSIONAL SUMMARY

Microsoft Certified Power BI Data Analyst with 2+ years of experience delivering enterprise business intelligence solutions for global clients including British Petroleum (USA & UK). Specialized in regulatory compliance reporting, CFO dashboards, and SAP ECC to S/4HANA data migration, enabling faster reporting and 100% audit compliance. Strong expertise in Power BI (DAX, Power Query), SQL Server, Excel VBA, and the Microsoft Fabric ecosystem, with proven experience in RLS implementation, EPA/RVO automation, and cloud-based analytics using Lakehouse and Azure Blob Storage.

PROFESSIONAL EXPERIENCE

S P A Enterprise Info Services (India) Pvt. Ltd. | Hyderabad, India

Power BI Developer | March 2024 – Present

- Automated regulatory compliance reporting for British Petroleum using Excel VBA and PACE_CT, ensuring accurate EPA and RVO submissions and reducing manual effort by 40%.
- Designed CFO-level Power BI dashboards integrating SQL data sources to deliver real-time insights on profitability, liquidity, cash flow, and working capital for executive stakeholders.
- Implemented Row-Level Security (RLS) and Object-Level Security (OLS) in Power BI to protect sensitive financial data across multiple reports.
- Supported SAP ECC to S/4HANA data migration using the uMigration tool, leveraging Excel VBA and Power Query to ensure high data accuracy and validation.
- Built scalable reporting solutions using Microsoft Fabric, utilizing Lakehouse and Azure Blob Storage to improve data refresh performance for large datasets.
- Developed Excel-based sales and cost forecasting models with advanced formulas, validations, and interlinked sheets to improve forecast accuracy and business planning.
- Consolidated and transformed multi-source data from refinery systems, SAP, and financial databases using Excel VBA and Power Query for automated reporting.
- Collaborated with cross-functional and global teams to gather requirements, deliver solution walkthroughs, and maintain technical documentation.

Projects

PACE Regulatory Compliance Reporting System | British Petroleum (USA)

- Engineered automated regulatory reporting system integrating Excel VBA, PACE_CT software, and refinery data sources to ensure EPA/RVO compliance for Whiting Refinery operations, eliminating 30+ hours of monthly manual work and achieving zero audit findings

CFO Financial Control & Liquidity Dashboard | Neural Foundry (UK)

- Delivered comprehensive Power BI financial dashboard with 50+ KPIs tracking profitability, working capital, cash flow, and liquidity metrics, integrating SQL Server databases and enabling real-time monitoring for executive leadership team

SAP S/4HANA Data Migration | Ecoservity (USA)

- Orchestrated end-to-end data migration from SAP ECC to S/4HANA using uMigration tool, developing custom Excel macros and Power Query scripts for data cleansing, transformation, and validation, ensuring seamless transition with minimal business disruption

People@Work Analytics Platform | Ecoservity (USA)

- Implemented SAP-to-Power BI integration using prebuilt templates, configuring data extraction pipelines, establishing Microsoft Fabric Lakehouse architecture, and setting up Azure Blob Storage for scalable enterprise reporting solution

Sales & Cost Forecasting Tool | British Petroleum (UK)

- Built sophisticated Excel-based forecasting model with dynamic formulas, interconnected worksheets, and automated data validation, enabling accurate multi-period projections and facilitating collaboration between business and technical teams

TECHNICAL SKILLS

- **Business Intelligence Tools:** Power BI Desktop & Service, Power BI Report Builder (Paginated Reports), Power BI Embedded, Power BI Gateway, Power BI REST API, DAX (Data Analysis Expressions), M Query, Power Query Editor, Data Modeling, Star & Snowflake Schema Design
- **Microsoft Fabric & Cloud:** Microsoft Fabric, Lakehouse Architecture, Dataflows Gen2, PySpark, Azure Blob Storage, Azure Data Lake, Delta Lake
- **Database Management:** MySQL, CRUD Operations, Data Handling, Data Warehousing
- **Advanced Excel & VBA:** VBA Macro Development, VLOOKUP, HLOOKUP, INDEX-MATCH, XLOOKUP, Pivot Tables, Power Pivot, Advanced Formulas, Data Validation, Conditional Formatting, Excel Dashboards, Data Cleaning & Transformation
- **Frontend Technologies:** HTML5, CSS3, JavaScript, Bootstrap
- **Collaboration & Version Control:** Microsoft Teams, Slack, GitHub
- **Documentation & Analysis:** SRS, SDS, Flowcharts, UI Wireframes, User Manuals
- **Soft Skills:** Client Engagement, Requirement Gathering, Stakeholder Communication, Solution Walkthroughs

Certifications

Microsoft Certified: Power BI Data Analyst Associate (PL-300)

EDUCATION

Jawaharlal Nehru Technological University, Hyderabad, India. **2020 - 2023**

Bachelor of Technology (B. Tech), Mechanical Engineering | CGPA-6.5

Vaageswari College of Engineering **2015 - 2018**

Diploma in Mechanical Engineering | Percentage – 65%
